I have been following the evolution of Dancing Seed Farm over the past couple off years and I am delighted to watch as a quaint Victorian farmhouse, that could easily have been bought as a private summer home, is instead blossoming into the working farm it was intended to be.

I have enormous respect for anyone involved in taking the time, vision and investment to bring this dream to life. Any small business owner on the island will tell you how fragile our economy is, and the county needs to fully support and nurture or fledgling businesses so that we can create a robust future for all our residents.

Please move swiftly in granting the farm a change in county code or alternatively an amendment to the RFF designation, providing that amendment fully covers the needs of the farm so that it can flourish as intended.

Thank you for your time

Jayne Siroshton
