

SPRING BREAK 2021 TRAVEL PLAN EVALUATION TOOL

Notes:

1. Don't do dumb stuff. If you don't travel but host unvaccinated people at home, that is high-risk.
2. CDC Guidelines for those who are vaccinated: you may socialize indoors with others who are vaccinated. You may socialize indoors with one unvaccinated household.
3. Public transit increases the risk. Drive if you can. If you must fly, take precautions, double mask, wash hands often.
4. These guidelines do vary from CDC guidelines around travel for those who are vaccinated. We think ours make more sense. And keep in mind your employer may have specific guidelines as well.

Thank you!

WHEN YOU RETURN HOME:
 -Entire travel party quarantine for two weeks.
 -Monitor carefully for symptoms.
 -Quarantine = no shared space, including schools, work, supermarkets, etc.
