Hello Mr. Stein,

I've done a quick search of my email around that date to and from Mr. Leon and I didn't see an explicit follow up.

He and I arranged to have a meeting to discuss different projects in the Marina. We had the meeting and following that an application to repair the existing barge landing ramp was submitted.

I do remember the discussion regarding moving the boat lift and proposition that moving it would be a repair and my response was that the proposed change in location exceeded the repair/replacement authority in granted in WAC 173-27-040.

I have copied the Public Records officer in my response to your request for a public records. If you would like to obtain copies of the emails around that meeting, please submit a request to facilitate that.

I hope this helps.

Respectfully,
Colin

Colin,

Thanks for your time on the phone this afternoon. I forgot to ask you if I could get a copy of your response to Peter Leon's 7/31/23 email regarding "New Port Maintenance Projects."

thanks,

Greg
