Hi Brooke,
Yeah, I didn't read the entire message—my bad. I am writing to support 24-0006 and 0007. I also agree with OPALCO on all their recommendations regarding other proposals.
Thanks again,
Bonnie

Hi.
I don't have much time but wanted to be sure that you know our family's opinion. We live in Friday Harbor (actually Brown Island) and STRONGLY support using agricultural land in order to generate electric power. We currently have a roof full of black panels on our house in Seattle, as well as an electric car. We are willing to take the chance that solar panels may interfere with current views in order to do so. In our view the known benefits far outweigh the theoretical and cosmetic detriments.

Sincerely,
The Swanson Family
