Your Registration Drive and The Law: What is Required of You?

Before you start registering people to vote, here are some things that will be required of you in order to comply with state law.

- You must transmit completed registration forms to the Secretary of State's office or County Elections office within five (5) business days. (RCW 29A.08.115)
- To determine eligibility for a given election, the date registration forms are received by the Secretary of State's office or County Elections office will be used, not the date on which the forms were filled out. (RCW29A.08.115)
- If you are collecting registration forms on the last day for voter registration by registration drive (8 days before an election), you must deliver them to the Secretary of State's office or the County Elections office by the close of business on that day in order for them to be valid for that election.
- It is considered discrimination to fail to return a voter registration form in a timely fashion or to ask a potential voter intimidating questions about race, creed, religion, color, national origin, gender, sexual orientation, disability or political affiliation.
- You may not deny any person the right to register to vote for any reason. If you are unsure of the validity of their registration, submit the form and we will contact the voter directly.
- No incentive or special treatment may be given to someone for registering that you would not give to any other person. For example, you may have "Voter Registration Pens" that you give to anyone who stops at your booth, but you must give them away to everyone, not just those who register.
- You may not copy or allow any other person to copy any of the information provided by the voter on their voter registration form for any reason.
- If you need more registration forms, come to the Elections office or go to the Secretary of State's office or website to obtain them.

Voter Eligibility

To register to vote, a person must meet all of the following requirements.

1

U.S. Citizen

Having a green card or permanent residency status is not citizenship.

2

Legal resident of Washington state

A person must establish a residential address in Washington.

3

At least 18 years old by the day of the election in which they first vote

To qualify for the Future Voter Program, a U.S. citizen must be at least 16 and a Washington resident. When they turn 18, Future Voters become automatically registered. A voter who turns 18 between the August Primary and the November General Election can vote in the Primary.

4

Not disqualified from voting due to a court order

Only a Superior Court Judge can declare a person unable to vote due to mental incompetency. Do not assume that a person under guardianship is ineligible to vote.

5

Not under total confinement for a Washington felony conviction

A person's right to vote is restored once they are no longer in total confinement for a felony conviction in Washington. Once a person is released from the Department of Corrections (DOC), the right to vote is restored and they are able to re-register to vote.

Voters must also:

- Provide a valid residential address. This address must be within Washington State, and must be their place of residence. "Residence" for the purposes of registering and voting means a person's permanent address where they physically resides and maintains their abode. (RCW 29A.04.151) Exceptions are made for military personnel, overseas civilians, individuals engaged in navigation, and students.
- Provide a valid Washington State driver's license number or Washington State-issued ID number, **OR** the last four digits of their Social Security number. Additional provisions are made for individuals who do not have any of these items. They may complete and submit the form, and we will contact the person directly.

Address & Name Changes

Address changes may be done through election day

If a voter has moved ***within San Juan County*** they can change their address in the following ways:

- Call the Elections office: (360) 378-3357.
- Email the Elections office at elections@sanjuancountywa.gov. The voter should include their name, date of birth, and new address. It is helpful to include the previous address.
- Complete a new registration form to update the address information.

If a voter has moved ***to San Juan County*** from another county in Washington, they must fill out a new voter registration form. The new form must be received in the Elections office at least 8 days prior to Election Day or submitted in person in order to be eligible to vote in that election.

Name changes

If the voter's name has changed, they should complete a new voter registration form with the new name. Please have the voter provide their old name on the "former name" line. The voter must sign their new name under the voter declaration.

Signature updates may be done at

Signature Updates & Cancellations

any time

Over time signatures change for a variety of reasons. Elections staff check every signature on every ballot return envelope. If the signature on the envelope does not match what is on file in the voter's registration records, the voter will be contacted to update their signature.

If a voter's signature has changed since they last voted or if the voter receives correspondence from the Elections office that the signature needs to be updated, please have the voter complete a new voter registration form so we can update our records.

Cancellation—No longer a resident of

the county

If a voter has moved out of state, the voter needs to send San Juan County Elections a signed written request for cancellation so we are able to cancel their registration in San Juan County. ***We must have signed authorization from the voter in order to cancel their voter registration.***

Cancellation—Deceased

If a voter has passed away and remains on the voter registration rolls, we can remove the voter with written authorization from a family member or another registered voter, a copy of a published obituary, or copy of the death certificate.

Special Circumstances Voters:

- Address Confidentiality Program
- Power of Attorney

they may qualify for this program, and ***should not*** fill out a voter registration form today. The person should contact the Secretary of State's office at (360) 902-4180, and ask about the ACP program. The program will protect their information and keep it out of the public domain.

Power of Attorney

Power of Attorney designations do not hold any validity in Elections. Because elections are a matter of civil rights, no person may vote for you, or sign your ballot for you, even with a Power of Attorney.

Felony Convictions

- If you were convicted of a felony in Washington State, another state, or in federal court, your right to vote will be restored automatically as long as you are not currently serving a DOC sentence in total confinement.
