OTHER COMMENTS AND OBSERVATIONS ATTACHED

I seriously question "non-Conforming" Pudden Head Park is a commercial Condominium of 6 fee simple properties since 1979 – that's 33 years. These 6 have leased gift shops, art galleries, Jewelry, Christmas shop, apparel shops, wine shops, Sandwiches + deli shops, restaurants, espresso shops, bakery shop, pizza shop, game rooms, activity businesses, ie. Kayaking, boat rental, car rental, Notary services, bicycle rentals, icecream shop, lounge shop, Motor home + Caravan Commercial offices including real estate + other offices, Computer, cars, residences, etc. We also have a liquor license for sale of wine, beer + Alcohol. We have also had some putt-putt golf, horseshoe and Cricket some games like trampolines, basketball, etc.

We know all 6 properties with Enland sewer hooked up, all underground power, 2 water reclaboys with Brookmeday

None of these 6 properties are "non-conformity" We are the entire property a high feet (bank) within 50 feet of the shoreline, Our Commercial deep water dock has been there + was Design by Natural Resources + the Corp of Engineers and all legal. SEE 2.D

THE UNDERSIGNED PROPERTY OWNERS REQUEST THAT THE MATERIALS SUBMITTED HEREWITH BE INCORPORATED INTO THE COUNTY INVENTORY AND CHARACTERIZATION REPORTS TO MORE ACCURATELY REFLECT THE CHARACTERIZATION OF THE SHORELINE ABUTTING OUR PROPERTY.

(CHECK IF APPROPRIATE) ✓ AND

THAT THE COUNTY SPECIFICALLY IDENTIFY AND DESIGNATE OUR AREA AS A RESIDENTIAL ACTIVITY CENTERS UNDER GMA AS PROVIDED IN THE COMPREHENSIVE PLAN BEFORE PROCEEDING WITH THE SHORELINE DESIGNATION PROCESS.

OWNERS SIGN	PRINT
Mark Forbes	Mary L. Forbes
Jimmy L Forbes	Jimmy L. Forbes

We would well match or buy these properties must have the right to depart from on their decks + build 2 stories high. This right cannot be taken from us unless the governed uses & pay fair market value. It should be illegal any other way. We were here before the county even was formed. We definitely are not non-Conforming.

Surveyor's Notes

1. Government Lot 1 of Section 21 was patented prior to statehood per instrument dated August 31, 1889 and recorded at Volume 1-8 of Patents, pages 251 & 258 (renumbered Volume 18, page 310) August 23, 1982, and thus, the seaward boundary of the uplands adjacent to the beds of navigable water surveyed hereon would be the Balanced Meander Line, or, the Line of Ordinary High Tide, which ever is the most seaward. No record was been identified by which the State of Washington conveyed 2nd Class Tidelands adjacent to Government Lot 1 of Section 21 to private ownership.
2. For information regarding the General Land Office (GLO) corners shown refer to the referenced recorded Land Corner Records (LCR AFN). The subdivisional lines of said section were calculated based upon record data as substantiated by recovered previously established field control and record stakes and monuments as shown hereon and at Volume 1 of Short Plats, page 88, and at Volume 3 of Short Plats, page 9, records of San Juan County. The Basis of Bearings for this survey is the same as was established between the monuments marking the above noted GLO Corners as shown on the referenced Volume 3 of Short Plats, page 9, and bears North 0°48'23" East. For information regarding the position of the Meander Corner, refer to the referenced LCR.
3. The area of the parcel shown was calculated based upon the location of the noted tidal datum lines shown hereon as previously derived and shown on the Condominium of Puddin' Head Park as recorded at Volume 1 of Condominiums, page 16, records of said county, and are relative to the referenced section subdivisional corners.
4. There are or may be existing easements, drives, accesses, utilities, improvements and structures upon and adjacent to the lands surveyed which have not been located and/or shown on the survey. No visible encroachments were identified along the boundary lines which are shown as surveyed and marked hereon. No parcel boundary lines or corners have been marked.
5. The location of the boundaries of adjacent aquatic land tract is shown at Book 13 of Surveys, page 125.
